skylink

Who we are

With over a decade of hands-on experience in pilot training at our own flight school in South Africa, Skylink brings global standards to India.

In the last 3 years alone, our Kerala base has successfully trained 200+ aspiring pilots — many now on their path to the cockpit.

Now in Bangalore, Chennai and Calicut we combine international exposure, DGCA-focused training, and a new-age learning approach designed for today's aviation aspirants.
Your pilot journey starts here.

Phase 1

DGCA Ground School

At Skylink, we equip you with the knowledge and strategy to clear your DGCA exams with confidence.

Our program covers key subjects:

- Air Regulation
- Air Navigation
- Meteorology
- RTR (Radio Telephony Restricted)

Learn from experienced instructors who simplify complex concepts and focus on exam success. Beyond classes, we guide you through every step — including Computer Number registration and DGCA medicals.

Train smart. Clear faster. Move closer to the cockpit.

Phase 2

Training in South Africa

Discover world-class flight training with Skylink at our dedicated flight school in South Africa. Our comprehensive program includes **Commercial Pilot License (CPL)** training with Multi-Engine and Instrument Rating, allowing you to build up to **200 flying hours** and gain the real-world skills needed for a successful aviation career.

Train with experienced instructors in a modern training environment, and begin your journey to the cockpit with Skylink — where the sky becomes your classroom.

Phase 3

DGCA license conversion

At Skylink , we ensure a smooth and stress-free transition in your aviation career with complete DGCA license conversion support.

We guide you through every step — from documentation to final approval — handling your conversion process in India with precision and efficiency.
Our support goes beyond paperwork. We also assist you in choosing the right flight school in India, making your transition seamless and well-planned.

With Skylink you're backed by a team that understands your journey — from training to conversion to career.

Phase 4

Type rating

At Skylink, we guide you from a licensed pilot to becoming airline-ready. Whether your goal is to fly Airbus, Boeing, or other aircraft types, we help you choose a Type Rating program that fits your career goals and budget.

With access to a trusted global network of training organisations, we ensure you make the right decision — not just a convenient one. Our support continues beyond enrolment, with personalised guidance so you stay prepared, focused, and confident at every stage.

At Skylink, a Type Rating is not just a step —it's your pathway to the airlines.

Phase 5

Airline Prep

At Skylink, our support doesn't stop at training — we prepare you for the final step: securing your airline job.

We guide you through the interview process with focused preparation, helping you build confidence and stand out as a strong candidate.

Our team also keeps you updated with the latest job openings and opportunities, ensuring you stay ahead in a competitive industry.

With Skylink , you're not just trained — you're prepared for takeoff.
